

NATIONAL EXAMS PREP COURSE (A LEVEL 2021)

Concept First is Singapore's First and Only Physics Tuition Specialist with an in-house Fully-equipped Physics Lab. With our team of experienced tutors, we are the only centre able to prepare our students for both the Theory and Practical components of the National Exams.

What is the National Exams Prep Course (NEPC)?

The NEPC is a programme that is carefully designed to help students take effective and progressive steps towards achieving their highest possible grade for the A Level Examination.

The NEPC comprise of 2 Phases

It is customisable.

Phase 1 :

✓ Intensive Topic
Mastery Course

Build Strong
Foundation
(June Holidays)

Phase 2 :

✓ Sprint to
Distinction

Join the Regular
Classes
(June - November)

In 2020

90%

of our students scored A
or B

100%

of our students shown
improvement.

NATIONAL EXAMS PREP COURSE (A LEVEL 2021)

Every child is a unique learner. The **CF360** Physics Learning System is made for this.

Being a Specialist Physics Centre, we channel all our resources and expertise in creating a multitude of learning resources. We are certain that every student will be drawn towards some of it.

Sign up for different programmes to gain access to some if not all of it.

	Intensive Topical Mastery Course (sign up 5 or less classes)	Intensive Topical Mastery Course (sign up 6 or more classes)	Regular Classes
Our Signature 2-Paged Summaries for all chosen Chapters, for quick and precise content recap.	✓	✓	✓
Formula & Definitions Cheat Sheets to speed up revision		✓	✓
Our Signature Physicspedia - collection of popular Cambridge Style & Top School Exam Qs & As		✓	✓
FREE Regular Monthly Lab Classes Secure high marks for the Practical Exams (20% weighting)			✓
Comprehensive Practical Book that includes d.p. & s.f. rules, sources of error etc.			✓
FREE Monthly review Online Lecture			✓
Marked assignments with precise feedback			✓

NATIONAL EXAMS PREP COURSE (A LEVEL 2021)

✓ Phase 1: Topical Mastery Crash Course

Classes are suitable for H2 J1 and H2 J2.

Schedule

Class No	Topics	Date / Time
1	Measurements Kinematics	7 Jun, Mon 2pm - 5pm
2	Forces & Dynamics	9 Jun, Wed 2pm - 5pm
3	Work, Energy & Power Circular Motion	10 Jun, Thu 12.30pm - 3.30pm
4	Gravitation E-Fields	11 Jun, Fri 12.30pm - 3.30pm
5	Thermal Physics Oscillations	14 Jun, Mon 2pm - 5pm
6	Waves Superposition	16 Jun, Wed 2pm - 5pm
7	Electricity DC Circuits	17 Jun, Thu 12.30pm - 3.30pm
8	Electromagnetism Electromagnetic Induction AC Circuits	18 Jun, Fri 12.30pm - 3.30pm

✓ Phase 2: Sprint to Distinction

Weekly Schedule for Regular Classes

JC 2 H2 Physics	
Fri	7.30pm - 9.30pm
Sat	9am - 11am
Sat	2pm - 4pm
Sun	9am - 11am
Sun	11.45am - 1.45pm

Registration on Last Page**

NATIONAL EXAMS PREP COURSE (A LEVEL 2021)

Customise to Your Learning Needs by Selecting Only the Classes that You Want

PART 1: Topical Mastery Crash Course

Fee and Discounts

Non-CF Student: \$150 per class

Current CF Student: \$130 per class

Early Bird Discount: \$10 per class for payment made before 2 Jun, Wed 2021.

Buddy Discount: Sign up with a non-CF friend to get \$10 x N discount each (where N is the unique number of classes that each student signs up for).

Example:

Current CF Student X signs up with non-CF student Friend Y.

X signed up for 3 classes and paid on 5 June.

Y signed up for 7 classes and paid on 28 May.

Fee of Student X:

$\$130 \times 3 - \10×3 (Buddy Discount) = \$360

Fee of Student Y:

$\$150 \times 7 - \10×7 (Early Bird Discount) - $\$10 \times 7$ (Buddy Discount) = \$910

Register for NEPC Here

PART 2: Sprint to Distinction

Fee

\$95 x (Number of remaining classes till end of the year)

Material Fee: \$80

Material fee will be waived for students who signed up for all 8 Classes in Part 1

Deposit: N.A.
